VOLUME 70: SUBJECT INDEX

- Abscess**, Postappendectomy intra-abdominal abscess: a therapeutic approach, 400
- Accidents**, Accidents and child abuse in bathtub submersions, 435
- Acute illness**, Presentation, acute illness, and learning difficulties in salt wasting 21-hydroxylase deficiency, 214
- Acyclovir**
Acyclovir resistant varicella zoster and HIV infection, 133
Prophylaxis or modification of varicella by oral acyclovir after household exposure: *correspondence*, 451
- Adolescent inpatient units**, Adolescent inpatient units: *annotation*, 461
- Adrenal suppression**, Octreotide treatment associated with adrenal suppression and poor feeding: *correspondence*, 553
- Adrenaline**
Plasma catecholamines after endotracheal administration of adrenaline during postnatal resuscitation, F213
Use of adrenaline and atropine in neonatal resuscitation, F3
- AIDS**, Bovine colostrum immunoglobulin concentrate for cryptosporidiosis in AIDS: *correspondence*, 356
- Air pollution**, Respiratory morbidity in Merseyside schoolchildren exposed to coal dust and air pollution, 305
- Airway insufficiency**, Upper airway radiographs in infants with upper airway insufficiency, 523
- Alternating hemiplegia**, Is alternating hemiplegia a mitochondrial disease? *Archivist*, 218
- Ambulatory blood pressure monitoring**, 24 Hour blood pressure monitoring in healthy and hypertensive children, 90
- Ambulatory paediatrics**, Ambulatory paediatrics: stepping out in a new direction? *current topic*, 339
- Amphotericin B**, Liposomal amphotericin B in hepatic candidosis, 546
- Antibiotic regimen**, Once daily antibiotic regimen in paediatric oncology, 484
- Archives of Disease in Childhood**, Indexing the Archives of Disease in Childhood, 360
- Aspergillosis**, Chemoprophylaxis for pulmonary aspergillosis during intensive chemotherapy, 136
- Aspergillus fumigatus**, *Aspergillus fumigatus* colonisation and population density of place of residence in cystic fibrosis, 139
- Asthma**
Age related IgG subclass concentrations in asthma, 179
Asthma: audit of peak flow rate guidelines for admission and discharge, 432
Asthma at the interface: bridging the gap between general practice and a district general hospital, 313
Cough - but is it asthma? *annotation*, 1: *correspondence*, 450, 554
National survey of asthma prevalence, severity, and treatment in Great Britain, 174
Prednisolone and salbutamol in the hospital treatment of acute asthma, 170
- Atopic dermatitis**
Detection of plasma interleukin-8 in atopic dermatitis, 119
High dose gammaglobulin treatment for atopic dermatitis, 335
- Atropine**, Use of adrenaline and atropine in neonatal resuscitation, F3
- Axillary nerve block**, Continuous axillary nerve block for chronic pain, 54
- Bacterial contamination**, Bacterial contamination of enteral feeds, 327
- Barker, Dr Herbert**, Dr Herbert Barker (1814-1865) of Bedford and infant hygiene: *perinatal lessons from the past*, F228
- Bathtub submersions**, Accidents and child abuse in bathtub submersions, 435
- BCG vaccine**, Ocular contamination with BCG vaccine: *correspondence*, 71
- Becker muscular dystrophy**, Becker muscular dystrophy: an unusual presentation: *correspondence*, 71
- Bedding**, Breathing expired gases from bedding: *correspondence*, 354
- Behaviour disorders**, Prevalence of behaviour disorders in low birth-weight infants, 271
- Behavioural response**, Behavioural response to pain in healthy neonates, F174
- Behavioural sequelae**, Intellectual, educational, and behavioural sequelae after cranial irradiation and chemotherapy, 476
- Beta haemolytic streptococcus**, Perianal infection with β haemolytic streptococcus, 145
- Biliary atresia/polysplenia syndrome**, Intrapulmonary shunting in the biliary atresia/polysplenia syndrome: reversal after liver transplantation, 501
- Birth weight**, Size at birth and later blood pressure, 536
- Blood collection**, Response to venepuncture for monitoring in primary schools, 367: *correspondence*, 553
- Blood pressure**
Blood pressure and blood volume in preterm infants: *correspondence*, F230
Cyclical variation of blood pressure and heart rate in neonates: *correspondence*, F77
Size at birth and later blood pressure, 536
- Blood volume**, Blood pressure and blood volume in preterm infants: *correspondence*, F230
- Bone marrow transplantation**, Peripheral blood stem cells used to augment autologous bone marrow transplantation, 237
- Bone mineral**, Bone mineral content and density in healthy subjects and in osteogenesis imperfecta, 331
- Bovine colostrum immunoglobulin**, Bovine colostrum immunoglobulin concentrate for cryptosporidiosis in AIDS: *correspondence*, 356
- Brain**
Brain swelling and ischaemia in Kenyans with cerebral malaria, 281
Human herpesvirus-6 and the brain: *Archivist*, 353
Neonatal brain and dietary lipids: *annotation*, F1
- Bronchiectasis**, Aetiology of chronic suppurative lung disease, 141
- Bronchoalveolar lavage**, Bronchoalveolar lavage: *annotation*, 167
- Bronchodilator aerosol**, Bronchodilator aerosol administered by metered dose inhaler and spacer in subacute neonatal respiratory distress syndrome, F218
- Browne, Sir Thomas**, Sir Thomas Browne (1605-1682) and life before birth: *perinatal lessons from the past*, F75
- Cancer**
Assessment of health status in survivors of cancer, 200
Long term social adjustment after treatment for childhood cancer, 66
- Carbon dioxide concentrations**, Breathing expired gases from bedding: *correspondence*, 354
- Carbon monoxide poisoning**, Maternal carboxyhaemoglobinaemia: *correspondence*, F159
- Carboxyhaemoglobinaemia**, Maternal carboxyhaemoglobinaemia: *correspondence*, F159
- Cardiac function**, Echocardiographic assessment of cardiac function in shocked very low birthweight infants: *correspondence*, F158
- Cardiovascular effects**, Cardiovascular effects of dexamethasone in the preterm infant, F25
- Carers**, Carers as children: *correspondence*, 452
- Case conferences**, Parental participation in case conferences: *correspondence*, 252
- Catecholamines**, Plasma catecholamines after endotracheal administration of adrenaline during postnatal resuscitation, F213
- Catheter**, Migration of fine bore Silastic catheter to pulmonary artery: *correspondence*, 451
- Ceftriaxone**, Successful treatment of epiglottitis with two doses of ceftriaxone, 129
- Central hypoventilation syndrome**, Negative extrathoracic pressure ventilation in central hypoventilation syndrome, 418
- Cerebral artery blood flow**, Changes in cerebral artery blood flow velocity after intermittent cerebrospinal fluid drainage: *letter*, F158
- Cerebral autoregulation**, Cerebral autoregulation of preterm neonates - a non-linear control system? F166
- Cerebral blood flow velocity**, Cerebral autoregulation of preterm neonates - a non-linear control system? F166
- Cerebral malaria**, Brain swelling and ischaemia in Kenyans with cerebral malaria, 281
- Cerebral palsy**
Cerebral palsy and neonatal encephalopathy, F195
Clinical associations of prenatal ischaemic white matter injury, F101
Comparison of mortality and rates of cerebral palsy in two populations of very low birthweight infants, F96
- Cerebrospinal fluid**
Changes in cerebral artery blood flow velocity after intermittent cerebrospinal fluid drainage: *correspondence*, F158
Randomised trial of early tapping in neonatal posthaemorrhagic ventricular dilatation: results at 30 months, F129
- Chemotherapy**
Chemoprophylaxis for pulmonary aspergillosis during intensive chemotherapy, 136
Disproportionate short stature after cranial irradiation and combination chemotherapy for leukaemia, 472
Intellectual, educational, and behavioural sequelae after cranial irradiation and chemotherapy, 476
- Child abuse**
Accidents and child abuse in bathtub submersions, 435
Silent at school - elective mutism and abuse, 540

- Child health surveillance**, What makes general practitioners do child health surveillance? 47
- Child protection**, Female genital mutilation: a dilemma in child protection: *controversy*, 441
- Child resistant packaging**, Child resistant packaging and accidental child poisoning: *correspondence*, 357
- Chinese paralytic syndrome**, Chinese paralytic syndrome or acute motor axonal neuropathy, 64
- Chloral hydrate**, Chloral hydrate defended: *Archivist*, 164
- Cholesterol**, Serum total cholesterol and ferritin and blood haemoglobin concentrations in primary schoolchildren, 373
- Chronic neonatal lung disease**, Subclinical persisting pulmonary hypertension in chronic neonatal lung disease, F118
- Chronic suppurative lung disease**, Aetiology of chronic suppurative lung disease, 141
- Citrate**, Randomised double blind trial of hypotonic oral rehydration solutions with and without citrate, 44
- Classification**, A new hierarchical classification of causes of infant deaths in England and Wales, 403
- Coal dust**, Respiratory morbidity in Merseyside schoolchildren exposed to coal dust and air pollution, 305
- Coarctation of the aorta**, Coarctation of the aorta in Kabuki syndrome, 512
- Coeliac disease**
Need for follow up in coeliac disease, 211
Screening for coeliac disease: *Archivist*, 386
- Cognitive function**, Clinical and subclinical deficits at 8 years in a geographically defined cohort of low birthweight infants, 264
- Congenital diaphragmatic hernia**, Congenital diaphragmatic hernia: influence of associated malformations on survival: *letter*, F159
- Congenital heart defects**, Echocardiographic screening in neonates undergoing surgery for selected gastrointestinal malformations, F206
- Congenital heart disease**
Assessment and management of congenital heart disease in the newborn by the district paediatrician, F71
Efficacy and dosage of enalapril in congenital and acquired heart disease, 35
Energy expenditure in congenital heart disease, 5
Quality of life in surgically palliated complex congenital heart disease, 382
- Congenital hip dysplasia**, Role of ultrasound in congenital hip dysplasia: *annotation*, 362
- Consent**, Primary immunisations in Liverpool: *correspondence*, 355
- Constipation**, Constipation and reversible urinary tract abnormalities, 56
- Continence**, Continence in patients with spina bifida, 107
- Cord blood**, FcγRI and FcγRIII on polymorphonuclear leucocytes in cord blood, F31
- Corpus callosum agenesis**, Diabetes insipidus with impaired osmotic regulation in septo-optic dysplasia and agenesis of the corpus callosum, 51
- Cough**, Cough – but is it asthma? *annotation*, 1: *correspondence*, 450, 554
- Cough receptor sensitivity**, Relationship between respiratory symptoms and cough receptor sensitivity, 299
- Cranial irradiation**
Disproportionate short stature after cranial irradiation and combination chemotherapy for leukaemia, 472
Intellectual, educational, and behavioural sequelae after cranial irradiation and chemotherapy, 476
- Creatinine**, Inaccuracy of glomerular filtration rate estimation from height/plasma creatinine ratio, 387
- Cryptosporidiosis**, Bovine colostrum immunoglobulin concentrate for cryptosporidiosis in AIDS: *correspondence*, 356
- Cyanotic heart disease**, Quality of life in surgically palliated complex congenital heart disease, 382
- Cyclical variation**, Cyclical variation of blood pressure and heart rate in neonates: *correspondence*, F77
- Cystic dysplastic kidney disease**, Outcome of antenatally detected cystic dysplastic kidney disease, 520
- Cystic fibrosis**
Aspergillus fumigatus colonisation and population density of place of residence in cystic fibrosis, 139
Cystic fibrosis identified by neonatal screening: incidence, genotype, and early natural history: *correspondence*, 252
Prognosis in cystic fibrosis treated with continuous flucloxacillin from the neonatal period, 84
- Cytomegalovirus**, Simultaneous pulmonary infection with respiratory syncytial virus and human cytomegalovirus: *correspondence*, 452
- Data**, Non-normal data: *statistics from the inside*, 158
- Data tapes**, Availability of data tapes from national infant feeding surveys in 1985 and 1990: *correspondence*, 453
- Deaths**, A new hierarchical classification of causes of infant deaths in England and Wales, 403
- Deficits**, Clinical and subclinical deficits at 8 years in a geographically defined cohort of low birthweight infants, 264
- Development**
Developmental outcome after intravascular intrauterine transfusion for rhesus haemolytic disease, F52
Developmental setback in severe visual impairment, 192
Postnatal somatic and mental development after periconceptual multivitamin supplementation, 229
Randomised multicentre study of human milk versus formula and later development in preterm infants, F141
Review of child development teams, 224
- Dexamethasone**, Cardiovascular effects of dexamethasone in the pre-term infant, F25
- Diabetes insipidus**, Diabetes insipidus with impaired osmotic regulation in septo-optic dysplasia and agenesis of the corpus callosum, 51
- Diabetes mellitus**
Posturally induced vasoconstriction in diabetes mellitus, 22
Prevention of long term complications in diabetes: *annotation*, 258
- Diaphragmatic hernia**, Congenital diaphragmatic hernia: influence of associated malformations on survival: *correspondence*, F159
- Diet**, Diet and faecal flora in the newborn: nucleotides, F137
- Disabilities**, Review of child development teams, 224
- Distraction test**, What is the role of the distraction test of hearing? 10
- District general hospital**, Paediatric inpatient utilisation in a district general hospital, 488
- District growth screening programme**, Evaluation of a district growth screening programme: the Oxford growth study: *correspondence*, 354
- Doppler**, Doppler and fetal growth retardation: *correspondence*, F160
- Duchenne muscular dystrophy**, Screening for Duchenne muscular dystrophy: *personal practice*, 551
- Eating habits**, Eating habits and attitudes of mothers of children with non-organic failure to thrive, 234
- Echocardiography**, Echocardiographic assessment of cardiac function in shocked very low birthweight infants: *correspondence*, F158
- Editor**
An Editor retires, 257
Welcome to a new editor, 361
- Educational sequelae**, Intellectual, educational, and behavioural sequelae after cranial irradiation and chemotherapy, 476
- Elective mutism**, Silent at school – elective mutism and abuse, 540
- Enalapril**, Efficacy and dosage of enalapril in congenital and acquired heart disease, 35
- Encephalopathy**, Cerebral palsy and neonatal encephalopathy, F195
- Endothelin-1**, Neonatal endothelin-1 concentrations in term infants, F223
- Endotoxin**, Antibodies to endotoxin core in sudden infant death syndrome, 95
- Energy expenditure**, Energy expenditure in congenital heart disease, 5
- Enteral feeds**, Bacterial contamination of enteral feeds, 327
- Enterococcus faecium meningitis**: *correspondence*, F78
- Epiglottitis**, Successful treatment of epiglottitis with two doses of ceftriaxone, 129
- Epilepsy**
Epilepsy with myoclonic absences, 288
Idiopathic epilepsy and school achievement, 424
- Erythroblast**, Umbilical cord blood erythroblast count as an index of intrauterine hypoxia, F192
- Ethamsylate**, The EC randomised controlled trial of prophylactic ethamsylate for very preterm neonates: early mortality and morbidity, F201
- Ethical dilemmas**, Towards guidelines for withholding and withdrawal of life prolonging treatment in neonatal medicine, F66
- Ethnic origin**, Effect of ethnic origin of mother on fetal outcome, F40
- Evening primrose oil**: *Archivist*, 287
- Exanthem subitum**, Human herpesvirus-6 and the brain: *Archivist*, 353
- Exosurf**, Adverse experiences in an Exosurf treated group: *correspondence*, F78
- Expired gases**, Breathing expired gases from bedding: *correspondence*, 354
- Extracorporeal membrane oxygenation**
Alternatives to ECMO: *annotation*, F81
Extracorporeal membrane oxygenation: *correspondence*, F160
- Eye poking**, Eye poking – comme avec un tisonnier: *Archivist*, 522
- Facilities**, Facilities for the school health team, 542
- Faecal flora**, Diet and faecal flora in the newborn: nucleotides, F137
- Failure to thrive**, Eating habits and attitudes of mothers of children with non-organic failure to thrive, 234
- Falling**, A matter of some gravity: *Archivist*, 199
- Familial Mediterranean fever**, Serum concentration and urinary excretion of β₂-microglobulin and microalbuminuria in familial Mediterranean fever, 27
- Family history**, Family history and recurrence of febrile seizures, 395

- Fatty acids**, Umbilical vessel wall fatty acids after normal and retarded fetal growth, **F36**
- FcγRI and FcγRIII expression**, FcγRI and FcγRIII on polymorphonuclear leucocytes in cord blood, **F31**
- Febrile seizures**, Family history and recurrence of febrile seizures, **395**
- Feeding**, Octreotide treatment associated with adrenal suppression and poor feeding: *correspondence*, **553**
- Feeding surveys**, Availability of data tapes from national infant feeding surveys in 1985 and 1990: *correspondence*, **453**
- Female genital mutilation**, Female genital mutilation: a dilemma in child protection: *controversy*, **441**
- Ferritin**, Serum total cholesterol and ferritin and blood haemoglobin concentrations in primary schoolchildren, **373**
- Fetal growth**
 Fetoplacental circulation in health and disease: *annotation*, **F161**
 Umbilical vessel wall fatty acids after normal and retarded fetal growth, **F36**
 Unexplained fetal growth retardation: what is the cause? *current topic*, **F225**
- Fetal outcome**, Effect of ethnic origin of mother on fetal outcome, **F40**
- Fetoplacental circulation**, Fetoplacental circulation in health and disease: *annotation*, **F161**
- Fine bore Silastic catheter**, Migration of fine bore Silastic catheter to pulmonary artery: *correspondence*, **451**
- Flucloxacillin**, Prognosis in cystic fibrosis treated with continuous flucloxacillin from the neonatal period, **84**
- Fresh frozen plasma**, Effect of fresh frozen plasma and gammaglobulin on humoral immunity in neonatal sepsis, **F182**
- Gamma chain production**, Effect of α thalassaemia trait and enhanced γ chain production on disease severity in β thalassaemia major and intermedia, **30**
- Gammaglobulin**
 Effect of fresh frozen plasma and gammaglobulin on humoral immunity in neonatal sepsis, **F182**
 High dose gammaglobulin treatment for atopic dermatitis, **335**
- Gastrointestinal malformations**, Echocardiographic screening in neonates undergoing surgery for selected gastrointestinal malformations, **F206**
- Gastrointestinal symptoms**, *Helicobacter pylori* and gastrointestinal symptoms: *annotation*, **165**
- General practitioners**, What makes general practitioners do child health surveillance? **47**
- Genital examination**, Genital examination under ketamine sedation in cases of suspected sexual abuse, **197**
- Genital mutilation**, Female genital mutilation: a dilemma in child protection: *controversy*, **441**
- Glomerular filtration rate**, Inaccuracy of glomerular filtration rate estimation from height/plasma creatinine ratio, **387**
- Granulomatous disease**, Resolution of hepatic abscess after interferon gamma in chronic granulomatous disease: *correspondence*, **356**
- Growth**
 Doppler and fetal growth retardation: *correspondence*, **F160**
 Evaluation of a district growth screening programme: the Oxford growth study: *correspondence*, **354**
 Growth in early treated congenital hypothyroidism, **464**
 Growth standards for infancy: *correspondence*, **554**
- Guillain-Barré syndrome**, Chinese paralytic syndrome or acute motor axonal neuropathy, **64**
- Haemoglobin**, Serum total cholesterol and ferritin and blood haemoglobin concentrations in primary schoolchildren, **373**
- Head**, Turned head – adducted hip – truncal curvature syndrome, **515**
- Head flattening**, Is head flattening in infancy a good thing: *correspondence*, **72**
- Health status**, Assessment of health status in survivors of cancer, **200**
- Hearing**, What is the role of the distraction test of hearing?, **10**
- Heart disease**, Efficacy and dosage of enalapril in congenital and acquired heart disease, **35**
- Heart rate**, Cyclical variation of blood pressure and heart rate in neonates: *correspondence*, **F77**
- Heel prick**, Alleviation of the pain of heel prick in preterm infants, **F177**
- Height**
 Attainment of normal height in severe juvenile hypothyroidism, **429**
 Equipping the community to measure children's height: the reliability of portable instruments, **469**
- Helicobacter pylori**, *Helicobacter pylori* and gastrointestinal symptoms: *annotation*, **165**
- Hemiplegia**, Is alternating hemiplegia a mitochondrial disease? *Archivist*, **218**
- Hepatic abscess**, Resolution of hepatic abscess after interferon gamma in chronic granulomatous disease: *correspondence*, **356**
- Hepatic candidosis**, Liposomal amphotericin B in hepatic candidosis, **546**
- Hepatitis viruses A, B, C, D, and E**, Viral hepatitis: *current topic*, **343**
- High frequency oscillation**, High frequency oscillation for preterm infants with severe respiratory failure, **F44**
- Hip dysplasia**, Role of ultrasound in congenital hip dysplasia: *annotation*, **362**
- HIV**
 Acyclovir resistant varicella zoster and HIV infection, **133**
Pneumocystis carinii pneumonia in vertically acquired HIV infection in the British Isles, **241**
- Hospital admissions**, Hospital admissions before the age of 2 years in Western Australia, **205**
- Human herpesvirus-6**, Human herpesvirus-6 and the brain: *Archivist*, **353**
- Human milk versus formula**, A randomised multicentre study of human milk versus formula and later development in preterm infants, **F141**
- Hydrocephalus**, Infantile hydrocephalus epidemiology: an indicator of enhanced survival, **F123**
- Hydronephrosis**, Mild fetal hydronephrosis indicating vesicoureteric reflux, **F147**
- Hydrops fetalis**, Diagnosis and management of non-immune hydrops in the newborn, **F151**
- Hygiene**, Dr Herbert Barker (1814-1865) of Bedford and infant hygiene: *perinatal lessons from the past*, **F228**
- Hyperglycaemia**, Transient hyperglycaemia: *Archivist*, **438**
- Hyperkalaemia**, Treatment of hyperkalaemia using intravenous and nebulised salbutamol, **126**
- Hypertension**, 24 Hour blood pressure monitoring in healthy and hypertensive children, **90**
- Hypogammaglobulinaemia**, Features of transient hypogammaglobulinaemia in infants screened for immunological abnormalities, **183**
- Hypoglycaemia**, Prevention and management of neonatal hypoglycaemia, **F54, F60**
- Hypothyroidism**
 Attainment of normal height in severe juvenile hypothyroidism, **429**
 Growth in early treated congenital hypothyroidism, **464**
- Hypoxic ventilatory defence**, Hypoxic ventilatory defence in very preterm infants: attenuation after long term oxygen treatment, **F90**
- Idiopathic thrombocytopenic purpura**, Idiopathic thrombocytopenic purpura associated with scarlet fever: *correspondence*, **164**
- Immunisations**, Primary immunisations in Liverpool: *correspondence*, **355**
- Immunogenetics**, Immunogenetics and the aetiology of childhood leukaemia: *annotation*, **77: correspondence, **553****
- Immunoglobulin G**, Age related IgG subclass concentrations in asthma, **179**
- Indexing**, Indexing the *Archives of Disease in Childhood*, **360**
- Infant hygiene**, Dr Herbert Barker (1814-1865) of Bedford and infant hygiene: *perinatal lessons from the past*, **F228**
- Inpatient utilisation**, Paediatric inpatient utilisation in a district general hospital, **488**
- Intellectual sequelae**, Intellectual, educational, and behavioural sequelae after cranial irradiation and chemotherapy, **476**
- Intensive care**
 Clinical trials and neonatal intensive care: *correspondence*, **F231**
 Paediatric use of intensive care, **391**
 Preventing the scars of neonatal intensive care, **F50**
 Variable dextrose delivery system for neonatal intensive care: *correspondence*, **F79**
- Interferon gamma**
 Cerebrospinal fluid concentrations of interleukin-18, tumour necrosis factor-α, and interferon gamma in bacterial meningitis, **123**
 Resolution of hepatic abscess after interferon gamma in chronic granulomatous disease: *correspondence*, **356**
- Interleukin-18**, Cerebrospinal fluid concentrations of interleukin-18, tumour necrosis factor-α, and interferon gamma in bacterial meningitis, **123**
- Interleukin-8**, Detection of plasma interleukin-8 in atopic dermatitis, **119**
- Interstitial lung disease**, Diagnosis of interstitial lung disease by a percutaneous lung biopsy sample, **143**
- Intrapulmonary shunting**, Intrapulmonary shunting in the biliary atresia/polysplenia syndrome: reversal after liver transplantation, **501**
- Intrauterine growth retardation**
 Fetoplacental circulation in health and disease: *annotation*, **F161**
 Unexplained fetal growth retardation: what is the cause? *current topic*, **F225**
- Intrauterine hypoxia**, Umbilical cord blood erythroblast count as an index of intrauterine hypoxia, **F192**
- Intrauterine infections**, The TORCH screen and intrauterine infections: *annotation*, **F163**
- Ipratropium**, Bronchodilator aerosol administered by metered dose inhaler and spacer in subacute neonatal respiratory distress syndrome, **F218**
- Iron concentrations**, Liver iron concentrations in sudden infant death syndrome, **295**

- Jaundice**, Tin mesoporphyrin and neonatal jaundice: *Archivist*, 511
- Jet nebulisers**, Is tapping jet nebulisers worthwhile? 538
- Kabuki syndrome**, Coarctation of the aorta in Kabuki syndrome, 512
- Kasai portoenterostomy**, Emergency liver transplantation after Kasai portoenterostomy, 147
- Ketamine sedation**, Genital examination under ketamine sedation in cases of suspected sexual abuse, 197
- Laryngo-onycho-cutaneous syndrome**, Laryngo-onycho-cutaneous syndrome: an inherited epithelial defect, 319
- Learning difficulties**, Presentation, acute illness, and learning difficulties in salt wasting 21-hydroxylase deficiency, 214
- Left atrial to aortic root ratio**, Re-evaluation of the left atrial to aortic root ratio as a marker of patent ductus arteriosus, F112
- Leucocyte adhesion deficiency syndromes**, Leucocyte adhesion deficiency syndromes: *correspondence*, 450
- Leukaemia**
 Chemoprophylaxis for pulmonary aspergillosis during intensive chemotherapy, 136
 Disproportionate short stature after cranial irradiation and combination chemotherapy for leukaemia, 472
 Immunogenetics and the aetiology of childhood leukaemia: *annotation*, 77: *correspondence*, 553
 Neuropsychological and neurological outcome after relapse of lymphoblastic leukaemia, 275
 Survival from acute non-lymphocytic leukaemia, 1971-88: a population based study, 219
- Life**, Towards guidelines for withholding and withdrawal of life prolonging treatment in neonatal medicine, F66
- Lipid peroxidation**, Lipid peroxidation as a measure of oxygen free radical damage in the very low birthweight infant, F107
- Lipids**, Neonatal brain and dietary lipids: *annotation*, F1
- Liposomal amphotericin B**, Liposomal amphotericin B in hepatic candidosis, 546
- Liver**, Liver iron concentrations in sudden infant death syndrome, 295
- Liver transplantation**
 Emergency liver transplantation after Kasai portoenterostomy, 147
 Intrapulmonary shunting in the biliary atresia/polysplenia syndrome: reversal after liver transplantation, 501
 Neurological crisis in hereditary tyrosinaemia and complete reversal after liver transplantation, 544
- Liverpool**, Primary immunisations in Liverpool: *correspondence*, 355
- Low birthweight infants**
 Clinical and subclinical deficits at 8 years in a geographically defined cohort of low birthweight infants, 264
 Prevalence of behaviour disorders in low birthweight infants, 271
- Lungs**, Subclinical persisting pulmonary hypertension in chronic neonatal lung disease, F118
- Magnesium sulphate**, Alternatives to ECMO: *annotation*, F81
- Magnetic resonance imaging**
 Information value of magnetic resonance imaging in shunted hydrocephalus, 530
 Magnetic resonance imaging in paediatrics: *annotation*, 82
- Malaria**, Brain swelling and ischaemia in Kenyans with cerebral malaria, 281
- Malformations, gastrointestinal**, Echocardiographic screening in neonates undergoing surgery for selected gastrointestinal malformations, F206
- Marcovitch, Dr Harvey**, Welcome to a new editor, 361
- Marfan's syndrome**, Metacarpal index in Marfan's syndrome and in constitutional tall stature, 149
- Massage**, Massage in preterm infants: *correspondence*, F80
- Maternal attitudes**, Eating habits and attitudes of mothers of children with non-organic failure to thrive, 234
- Measuring instruments**, Equipping the community to measure children's height: the reliability of portable instruments, 469
- Medium chain acyl coenzyme A dehydrogenase deficiency**, Morbidity and mortality in medium chain acyl coenzyme A dehydrogenase deficiency, 410
- Meigs, Professor Charles D**, Professor Charles D Meigs (1792-1869) of Philadelphia and persistent fetal circulation: *perinatal lessons from the past*, F155
- Melatonin**: *Archivist*, 381
- Meningitis**
 Cerebrospinal fluid concentrations of interleukin-1 β , tumour necrosis factor- α , and interferon gamma in bacterial meningitis, 123
Enterococcus faecium meningitis: *correspondence*, F78
 Prospective surveillance of neonatal meningitis: *correspondence*, F157
 Tuberculous meningitis: *annotation*, 364
- Metabolic rate**, Thermal balance and metabolic rate during upper respiratory tract infection in infants, 187
- Metacarpal index**, Metacarpal index in Marfan's syndrome and in constitutional tall stature, 149
- Methylprednisolone**, High dose methylprednisolone for painful sickle cell crises: *Archivist*, 545
- Microalbuminuria**, Serum concentration and urinary excretion of β_2 -microglobulin and microalbuminuria in familial Mediterranean fever, 27
- Microglobulin**, Serum concentration and urinary excretion of β_2 -microglobulin and microalbuminuria in familial Mediterranean fever, 27
- Mitochondrial disease**, Is alternating hemiplegia a mitochondrial disease? *Archivist*, 218
- Moral practice**, Towards guidelines for withholding and withdrawal of life prolonging treatment in neonatal medicine, F66
- Motor axonal neuropathy**, Chinese paralytic syndrome or acute motor axonal neuropathy, 64
- Motor function**, Clinical and subclinical deficits at 8 years in a geographically defined cohort of low birthweight infants, 264
- Multicystic dysplastic kidney disease**, Outcome of antenatally detected cystic dysplastic kidney disease, 520
- Multivitamin supplementation**, Postnatal somatic and mental development after periconceptional multivitamin supplementation, 229
- Mycoplasma**, Ureaplasma and mycoplasma central nervous system infections in neonates: *correspondence*, F159
- Myoclonic absences**, Epilepsy with myoclonic absences, 288
- Nasal instillation**, Nasal instillation of 'Olbas Oil' in an infant: *correspondence*, 357
- Needlestick injuries**, Out of hospital needlestick injuries, 245
- Neonatal jaundice**, Tin mesoporphyrin and neonatal jaundice: *Archivist*, 511
- Nephrotic syndrome**, Consensus statement on management and audit potential for steroid responsive nephrotic syndrome, 151
- Neuroblastoma**, The physician's hands and early detection of neuroblastoma: *correspondence*, 253
- Neuropsychological and neurological outcome**, Neuropsychological and neurological outcome after relapse of lymphoblastic leukaemia, 275
- New Zealand**, Reduction in mortality from sudden infant death syndrome in New Zealand: 1986-92, 291
- Nitric oxide**
 Alternatives to ECMO: *annotation*, F81
 Guidelines for the safe administration of inhaled nitric oxide, F47
- Nitrogen**, Urea as a nutrient: bioavailability and role in nitrogen economy: *annotation*, 3
- Nomogram**, Surface area estimation: pocket calculator ν nomogram, 246
- Non-Hodgkin's lymphoma**, Chemoprophylaxis for pulmonary aspergillosis during intensive chemotherapy, 136
- Non-immune hydrops**, Diagnosis and management of non-immune hydrops in the newborn, F151
- Non-normal data**, Non-normal data: *statistics from the inside*, 158
- Non-treatment**, Towards guidelines for withholding and withdrawal of life prolonging treatment in neonatal medicine, F66
- Normal values**, Non-normal data: *statistics from the inside*, 158
- Nucleotides**, Diet and faecal flora in the newborn: nucleotides, F137
- Nurse run asthma clinic**, Asthma at the interface: bridging the gap between general practice and a district general hospital, 313
- Nutrition**
 Early or late parenteral nutrition for the sick preterm infant? *correspondence*, F232
 Nutritional status of schoolchildren in an inner city area, 376
- Octreotide**, Octreotide treatment associated with adrenal suppression and poor feeding: *correspondence*, 553
- Ocular contamination**, Ocular contamination with BCG vaccine: *correspondence*, 71
- Olbas Oil**, Nasal instillation of 'Olbas Oil' in an infant: *correspondence*, 357
- Oncology**, Once daily antibiotic regimen in paediatric oncology, 484
- Oral rehydration solutions**, Randomised double blind trial of hypotonic oral rehydration solutions with and without citrate, 44
- Osteogenesis imperfecta**, Bone mineral content and density in healthy subjects and in osteogenesis imperfecta, 331
- Out of hospital**, Out of hospital needlestick injuries, 245
- Outpatient clinic**, Asthma at the interface: bridging the gap between general practice and a district general hospital, 313
- Outpatients**, Paediatric medical outpatients: are all those reviews necessary? 493
- Oxford growth study**, Evaluation of a district growth screening programme: the Oxford growth study: *correspondence*, 354
- Oxygen**, Hypoxic ventilatory defence in very preterm infants: attenuation after long term oxygen treatment, F90

- Oxygen free radicals**, Lipid peroxidation as a measure of oxygen free radical damage in the very low birthweight infant, **F107**
- Packaging**, Child resistant packaging and accidental child poisoning: *correspondence*, 357
- Paediatric care**, Ambulatory paediatrics: stepping out in a new direction? *current topic*, 339
- Pain**
Alleviation of the pain of heel prick in preterm infants, **F177**
Behavioural response to pain in healthy neonates, **F174**
Continuous axillary nerve block for chronic pain, 54
- Parenteral nutrition**
Early or late parenteral nutrition for the sick preterm infant? *correspondence*, **F232**
Preventing the scars of neonatal intensive care, **F50**
- Parents**
Parental participation in case conferences: *correspondence*, 252
Teaching parents how to comfort their children during common medical procedures: *personal practice*, 548
- Parvovirus B19 encephalopathy**, Human parvovirus B19 encephalopathy: *correspondence*, 71
- Patent ductus arteriosus**
Patent ductus arteriosus in the newborn: *correspondence*, **F231**
Re-evaluation of the left atrial to aortic root ratio as a marker of patent ductus arteriosus, **F112**
- Peak flow rate**, Asthma: audit of peak flow rate guidelines for admission and discharge, 432
- Percutaneous lung biopsy**, Diagnosis of interstitial lung disease by a percutaneous lung biopsy sample, 143
- Perianal infection**, Perianal infection with β haemolytic streptococcus, 145
- Periconceptual supplementation**, Postnatal somatic and mental development after periconceptual multivitamin supplementation, 229
- Peripheral blood stem cells**, Peripheral blood stem cells used to augment autologous bone marrow transplantation, 237
- Persistent fetal circulation**, Professor Charles D Meigs (1792-1869) of Philadelphia and persistent fetal circulation: *perinatal lessons from the past*, **F155**
- Pneumocystis carinii** pneumonia, *Pneumocystis carinii* pneumonia in vertically acquired HIV infection in the British Isles, 241
- Pneumonia**, Clinical signs of pneumonia in infants under 2 months, 413
- Pocket calculator**, Surface area estimation: pocket calculator *v* nomogram, 246
- Poisoning**, Child resistant packaging and accidental child poisoning: *correspondence*, 357
- Pollution**, Respiratory morbidity in Merseyside schoolchildren exposed to coal dust and air pollution, 305
- Polymorphonuclear leucocytes**, Fc γ RI and Fc γ RIII on polymorphonuclear leucocytes in cord blood, **F31**
- Positive end expiratory pressure**, To PEEP or not to PEEP? **F209**
- Postappendectomy intra-abdominal abscess**, Postappendectomy intra-abdominal abscess: a therapeutic approach, 400
- Posthaemorrhagic ventricular dilatation**, Randomised trial of early tapping in neonatal posthaemorrhagic ventricular dilatation: results at 30 months, **F129**
- Posture**, Development of posture in prone and supine positions during the prenatal period in low risk preterm infants, **F188**
- Prader-Willi syndrome**, The Prader-Willi syndrome, 58
- Pre-eclampsia**, Fetoplacental circulation in health and disease: *annotation*, **F161**
- Prednisolone**, Prednisolone and salbutamol in the hospital treatment of acute asthma, 170
- Pregnancy**
Neonatal outcome after pregnancy complicated by abnormal velocity waveforms in the umbilical artery, **F84**
Varicella zoster virus infection in pregnancy: *correspondence*, **F157**
- Preschool surveillance**, Quality assurance in preschool surveillance, 505
- Preterm infant**
Cardiovascular effects of dexamethasone in the preterm infant, **F25**
High frequency oscillation for preterm infants with severe respiratory failure, **F44**
Randomised multicentre study of human milk versus formula and later development in preterm infants, **F141**
- Preterm neonates**, Cerebral autoregulation of preterm neonates - a non-linear control system? **F166**
- Primary ciliary dyskinesia syndrome**, Aetiology of chronic suppurative lung disease, 141
- Promethazine**, Inappropriate prescribing of promethazine in infants: *correspondence*, 357
- Prone and supine positions**, Development of posture in prone and supine positions during the prenatal period in low risk preterm infants, **F188**
- Pseudohypoparathyroidism**
Different subtypes of pseudohypoparathyroidism in the same family with an unusual psychiatric presentation of the index case, 99
Evolution of pseudohypoparathyroidism: an informative family study, 337
- Pseudomonas cepacia**, *Pseudomonas cepacia*: *correspondence*, 358
- Pulmonary artery**, Migration of fine bore Silastic catheter to pulmonary artery: *correspondence*, 451
- Pulmonary hypertension**, Subclinical persisting pulmonary hypertension in chronic neonatal lung disease, **F118**
- Pulmonary infection**, Simultaneous pulmonary infection with respiratory syncytial virus and human cytomegalovirus: *correspondence*, 452
- Pulse oximetry**, Pulse oximetry in sickle cell disease: *correspondence*, 71
- Pyelonephritis**, Renal scarring after acute pyelonephritis, 111
- Quality assurance**, Quality assurance in preschool surveillance, 505
- Quality of life**, Quality of life in surgically palliated complex congenital heart disease, 382
- Radiology**, Sports injuries in children - a radiological viewpoint: *annotation*, 457
- Renal scarring**, Renal scarring after acute pyelonephritis, 111
- Respiration**
Bronchodilator aerosol administered by metered dose inhaler and spacer in subacute neonatal respiratory distress syndrome, **F218**
High frequency oscillation for preterm infants with severe respiratory failure, **F44**
Neonatal respiratory distress syndrome: *correspondence*, **F230**
Randomised trial of methods of extubation in acute and chronic respiratory distress: *correspondence*, **F157**
Relationship between respiratory symptoms and cough receptor sensitivity, 299
Respiratory morbidity in Merseyside schoolchildren exposed to coal dust and air pollution, 305
Static respiratory compliance in the newborn. I: A clinical and prognostic index for mechanically ventilated infants, **F11**; II: Its potential for improving the selection of infants for early surfactant treatment, **F16**; III: Early changes after exogenous surfactant treatment, **F19**
- Respiratory syncytial virus**, Simultaneous pulmonary infection with respiratory syncytial virus and human cytomegalovirus: *correspondence*, 452
- Resuscitation**
Plasma catecholamines after endotracheal administration of adrenaline during postnatal resuscitation, **F213**
Use of adrenaline and atropine in neonatal resuscitation, **F3**
- Rhesus haemolytic disease**, Developmental outcome after intra-vascular intrauterine transfusion for rhesus haemolytic disease, **F52**
- Salbutamol**
Bronchodilator aerosol administered by metered dose inhaler and spacer in subacute neonatal respiratory distress syndrome, **F218**
Prednisolone and salbutamol in the hospital treatment of acute asthma, 170
Treatment of hyperkalaemia using intravenous and nebulised salbutamol, 126
- Salt wasting 21-hydroxylase deficiency**, Presentation, acute illness, and learning difficulties in salt wasting 21-hydroxylase deficiency, 214
- Scarlet fever**, Idiopathic thrombocytopenic purpura associated with scarlet fever: *correspondence*, 164
- Scarring**, Preventing the scars of neonatal intensive care, **F50**
- School achievement**, Idiopathic epilepsy and school achievement, 424
- School health team**
Facilities for the school health team, 542
The effectiveness of vision screening by school nurses in secondary school, 14
- Schoolchildren**
Nutritional status of schoolchildren in an inner city area, 376
Response to venepuncture for monitoring in primary schools, 367: *correspondence*, 553
Serum total cholesterol and ferritin and blood haemoglobin concentrations in primary schoolchildren, 373
- Screening**
Screening for coeliac disease: *Archivist*, 386
Screening for Duchenne muscular dystrophy: *personal practice*, 551
- Seizures**
Family history and recurrence of febrile seizures, 395
Human herpesvirus-6 and the brain: *Archivist*, 353
- Sepsis**, Effect of fresh frozen plasma and gammaglobulin on humoral immunity in neonatal sepsis, **F182**
- Septo-optic dysplasia**, Diabetes insipidus with impaired osmotic regulation in septo-optic dysplasia and agenesis of the corpus callosum, 51

- Severe combined immunodeficiency syndrome**, Early diagnosis of severe combined immunodeficiency syndrome, 260
- Sexual abuse**, Genital examination under ketamine sedation in cases of suspected sexual abuse, 197
- Sexual precocity**, Sexual precocity: sex incidence and aetiology, 116
- Short stature**, Disproportionate short stature after cranial irradiation and combination chemotherapy for leukaemia, 472
- Shunted hydrocephalus**, Information value of magnetic resonance imaging in shunted hydrocephalus, 530
- Sickle cell crises**, High dose methylprednisolone for painful sickle cell crises: *Archivist*, 545
- Sickle cell disease**, Pulse oximetry in sickle cell disease: *correspondence*, 71
- Size at birth**, Size at birth and later blood pressure, 536
- Social adjustment**, Long term social adjustment after treatment for childhood cancer, 66
- Speech**, Silent at school – elective mutism and abuse, 540
- Spina bifida**, Continence in patients with spina bifida, 107
- Sports injuries**, Sports injuries in children – a radiological viewpoint: *annotation*, 457
- Static respiratory compliance**, Static respiratory compliance in the newborn. I: A clinical and prognostic index for mechanically ventilated infants, F11; II: Its potential for improving the selection of infants for early surfactant treatment, F16; III: Early changes after exogenous surfactant treatment, F19
- Steroids**, Consensus statement on management and audit potential for steroid responsive nephrotic syndrome, 151
- Sudden infant death syndrome**
Antibodies to endotoxin core in sudden infant death syndrome, 95
Changing epidemiology of SIDS: *current topic*, 445
Ethnicity and the aetiology of sudden infant death syndrome: *personal view*, 349: *correspondence*, 450
Liver iron concentrations in sudden infant death syndrome, 295
Reduction in mortality from sudden infant death syndrome in New Zealand: 1986-92, 291
Sudden infant death syndrome: *correspondence*, 252
- Surface area estimation**, Surface area estimation: pocket calculator v nomogram, 246
- Surfactant**
Adverse experiences in an Exosurf treated group: *correspondence*, F78
Static respiratory compliance in the newborn. Its potential for improving the selection of infants for early surfactant treatment, F16; Early changes after exogenous surfactant treatment, F19
- Tall stature**, Metacarpal index in Marfan's syndrome and in constitutional tall stature, 149
- Tapping**, Is tapping jet nebulisers worthwhile?, 538
- Thalassaemia**, Effect of α thalassaemia trait and enhanced γ chain production on disease severity in β thalassaemia major and intermedia, 30
- Thalassaemia mental retardation**, Alpha thalassaemia mental retardation (ATR-X): an atypical family, 439
- Thermal balance**, Thermal balance and metabolic rate during upper respiratory tract infection in infants, 187
- Thrombocytopenic purpura**, Idiopathic thrombocytopenic purpura associated with scarlet fever: *correspondence*, 164
- Thyroid diseases**, Thyroid diseases in a school population with thyromegaly, 103
- Thyromegaly**, Thyroid diseases in a school population with thyromegaly, 103
- Tin mesoporphyrin**, Tin mesoporphyrin and neonatal jaundice: *Archivist*, 511
- TORCH screen**, The TORCH screen and intrauterine infections: *annotation*, F163
- Transfusion**, Developmental outcome after intravascular intrauterine transfusion for rhesus haemolytic disease, F52
- Transient hyperglycaemia**, Transient hyperglycaemia: *Archivist*, 438
- Transient hypogammaglobulinaemia of infancy**, Features of transient hypogammaglobulinaemia in infants screened for immunological abnormalities, 183
- Tuberculosis**, Tuberculosis in children: a national survey of notifications in England and Wales in 1988, 497
- Tuberculous meningitis**: *annotation*, 364
- Tumour necrosis factor- α** , Cerebrospinal fluid concentrations of interleukin-1 β , tumour necrosis factor- α , and interferon gamma in bacterial meningitis, 123
- Turned head – adducted hip – truncal curvature syndrome**, Turned head – adducted hip – truncal curvature syndrome, 515
- Tyrosinaemia**, Neurological crisis in hereditary tyrosinaemia and complete reversal after liver transplantation, 544
- Ultrasound**, Role of ultrasound in congenital hip dysplasia: *annotation*, 362
- Umbilical artery**, Neonatal outcome after pregnancy complicated by abnormal velocity waveforms in the umbilical artery, F84
- Umbilical cord**, Umbilical cord blood erythroblast count as an index of intrauterine hypoxia, F192
- Umbilical lines**, Method for securing umbilical lines: *correspondence*, F79
- Umbilical vessel wall**, Umbilical vessel wall fatty acids after normal and retarded fetal growth, F36
- Upper airway insufficiency**, Upper airway radiographs in infants with upper airway insufficiency, 523
- Upper respiratory tract infection**, Thermal balance and metabolic rate during upper respiratory tract infection in infants, 187
- Urea**, Urea as a nutrient: bioavailability and role in nitrogen economy: *annotation*, 3
- Ureaplasma**, Ureaplasma and mycoplasma central nervous system infections in neonates: *correspondence*, F159
- Urinary tract**, Constipation and reversible urinary tract abnormalities, 56
- Valman, Bernard**, An Editor retires, 257
- Varicella**
Acyclovir resistant varicella zoster and HIV infection, 133
Prophylaxis or modification of varicella by oral acyclovir after household exposure: *correspondence*, 451
Varicella zoster virus infection in pregnancy: *correspondence*, F157
- Vasculitic syndromes**, Von Willebrand factor antigen compared with other factors in vasculitic syndromes, 40
- Vasoconstriction**, Posturally induced vasoconstriction in diabetes mellitus, 22
- Velocity waveforms**, Neonatal outcome after pregnancy complicated by abnormal velocity waveforms in the umbilical artery, F84
- Venepuncture**, Response to venepuncture for monitoring in primary schools, 367: *correspondence*, 553
- Ventilation**
Alternatives to ECMO: *annotation*, F81
Negative extrathoracic pressure ventilation in central hypoventilation syndrome, 418
Static respiratory compliance in the newborn. I: A clinical and prognostic index for mechanically ventilated infants, F11
To PEEP or not to PEEP? F209
- Ventriculomegaly**, Randomised trial of early tapping in neonatal posthaemorrhagic ventricular dilatation: results at 30 months, F129
- Very low birthweight**
Comparison of mortality and rates of cerebral palsy in two populations of very low birthweight infants, F96
Echocardiographic assessment of cardiac function in shocked very low birthweight infants: *correspondence*, F158
Hypoxic ventilatory defence in very preterm infants: attenuation after long term oxygen treatment, F90
Lipid peroxidation as a measure of oxygen free radical damage in the very low birthweight infant, F107
Vesicoureteric reflux, Mild fetal hydronephrosis indicating vesicoureteric reflux, F147
- Viral hepatitis**, Viral hepatitis: *current topic*, 343
- Vision screening**, The effectiveness of vision screening by school nurses in secondary school, 14
- Visual impairment**, Developmental setback in severe visual impairment, 192
- Vitamin K prophylaxis**, Vitamin K prophylaxis in the newborn – again, 248
- Von Willebrand factor antigen**, Von Willebrand factor antigen compared with other factors in vasculitic syndromes, 40
- Western Australia**, Hospital admissions before the age of 2 years in Western Australia, 205
- White matter injury**, Clinical associations of prenatal ischaemic white matter injury, F101
- Withholding and withdrawing treatment**, Towards guidelines for withholding and withdrawal of life prolonging treatment in neonatal medicine, F66
- Yersinia enterocolitica**, Implications of *Yersinia enterocolitica* biotyping, 19
